Malaysia Upstream Awards 2022

"Celebrating Another Chapter of Performance Excellence"

Themed *Shaping the Future of Advantaged Energy, Together!* the third edition of the annual Malaysia Upstream Awards (MUA), organised by Malaysia Petroleum Management (MPM), was held on 14 June 2022 at the Kuala Lumpur Convention Centre. The MUA celebrates and honours the men and women of the Petroleum Arrangement Contractors (PACs) in Malaysia Upstream for their outstanding achievements in 2021. More than 250 guests attended the physical event while close to 1,000 guests tuned in via livestream.

The MUA 2022 was officiated by PETRONAS Executive Vice President & CEO, Upstream, Datuk Adif Zulkifli. In his opening speech, Datuk Adif reiterated the importance of industry players to work closely together towards achieving a sustainable, low-cost and low-carbon future. PETRONAS Senior Vice President MPM, Mohamed Firouz Asnan, in his keynote address emphasised that the future of our industry relies on collaboration and use of innovation technology, with concentrated effort in optimising cost and reducing carbon footprint.

The event continued with leadership sharing by Chong Chee Seong and Ivan Tan, top leaders from SEA Hibiscus and Shell Malaysia respectively. The leaders shared tips on how to lead an organisation to success such as strength in partnership and collaboration with stakeholders; and being agile in operations while expanding investment portfolio in Malaysia. This is then followed by exchanges of thoughts and insights by distinguished upstream industry leaders in a Talk Show entitled "Strength in Collaboration: Bringing Solutions for a Sustainable Future".
