PETRONAS Group Financial Results Announcement

First Half 2023

Resolute in Purpose, Advancing Solutions for a Sustainable Future
Cautionary Statement

Forward-looking statements in this Financial Results Announcement presentation or in subsequent discussions with regards to this presentation involve inherent risks and uncertainties. Should one or more of these or other uncertainties or risks materialise, actual results may vary materially from those estimated, anticipated or projected. Specifically, but without limitation, capital costs could increase, projects could be delayed, and anticipated improvements in capacity, performance or profit levels might not be fully realised. Although PETRONAS believes that the expectations of its management as reflected by such forward-looking statements are reasonable based on information currently available to it, no assurances can be given that such expectations will prove to have been correct. Accordingly, you are cautioned not to place undue reliance on the forward-looking statements, which speak only as of the date they are made. PETRONAS undertakes no obligation to update or revise any of them, whether as a result of new information, future developments or otherwise.

Key Messages

- Quarter 2 2023 saw **Brent prices dropped to its lowest** since the previous four quarters, as concerns over slowing global economic activities outweighed supply cuts.

- **PETRONAS intensifies efforts towards building resilience to counter increasing headwinds.**

- Despite contending in a lower-price environment and global economy slowdown, PETRONAS delivered commendable financial performance for the 1H 2023 - **PAT of RM40.2 billion, EBITDA of RM70.5 billion** and **CFFO of RM57.8 billion.**

- PETRONAS remains steadfast and resolute in **delivering energy security responsibly**, while pursuing its growth and sustainability agenda.
PETRONAS delivered Commendable Financial Performance in 1H 2023 amidst Lower Realised Prices

Striking the Right Balance between Investments in Growth for Core Business, New Business and Reducing GHG Emissions

Group Capital Investments (CAPEX)

Scaling up investment in New Business and abatement activities to future-proof the Group’s portfolio in response to changing customer preferences and to offer clean energy solutions.

Higher Domestic CAPEX spent by 48% against same period last year, to support PETRONAS’ commitment in delivering energy security, affordability and sustainability.
Higher Domestic Group Costs to Support Increased Activities in Malaysia

**Group Costs**

- **1H 2023**: RM134.3 bil (6% increase from 1H 2022: RM126.5 bil)

**Group Costs by Geographical Segment**

- Domestic: 65% (RM87.3 bil)
- International: 35% (RM47.0 bil)

**Domestic Group Costs**

- Surged by 11% predominantly due to higher product costs, production expenses, purchased services and exploration cost.

- **1H 2022**: 78.6 bil
- **1H 2023**: 87.3 bil

**Domestic Costs Breakdown**

- Product costs
- Tax expenses, sales tax & duties and cash payments
- Non-cash items
- Production and transportation expense, purchased services, materials & supplies
- Others (HR cost, rental, utilities, finance cost, etc.)
CFFO Declined against the backdrop of Lower Realised Prices

Capital Expenditure (CAPEX) RM21.4 billion

Contributions to Governments and NTF (RM Bil)
- Taxes: 12.5
- Petroleum Cash Payments: 7.5
- Dividend to Government: 16.0
- State Sales Tax: 2.7
- Export Duty: 0.4
- National Trust Fund: 2.0

RM110.8 billion Total Borrowings as at 30 June 2023

Nation’s Sustainability and Community Wellbeing Close to RM300 million
Progressing towards Delivering Energy in a Responsible and Sustainable Manner whilst Creating Positive Social Impacts

Greenhouse Gas Emissions Target (Scope 1 and Scope 2)

2024

49.5 MtCO₂e

Capping Emissions at 49.5 million tonnes of carbon dioxide equivalent (MtCO₂e) from PETRONAS’ Malaysia operations by 2024.

1H 2023 GHG Emissions*

23.04 MtCO₂e

*Scope 1 and Scope 2 in Malaysia operations

PETRONAS’ Social Impact Investment

For 1H 2023, PETRONAS has contributed close to RM300 million towards its Social Impact efforts, aiding 1.1 million beneficiaries.
Reduced Performance across Most Businesses underpinned by Market Uncertainties

**Profit After Tax / (Loss After Tax)**

</tbody>
</table>

**Upstream**
Lower PAT in line with lower revenue partially offset by lower taxation and operating expenses.

**Gas**
Lower PAT primarily driven by lower revenue and higher product costs, partially offset by lower taxation.

**Downstream**
Lower PAT mainly due to lower refining and petrochemical margins in line with lower average realised prices.

**Corporate & Others**
Higher PAT mainly attributable to higher revenue coupled with favourable impact from foreign exchange, partially offset by higher operating expenses.
Upstream

Delivering Operational and Commercial Excellence through Continuous Responsible and Sustainable Operations

**Business Highlights**

- **Achieved 1st hydrocarbon for 11 projects**
- **Achieved FID for 12 projects**
- **Made 5 discoveries in 5 blocks located offshore Sarawak**
- **Signed an FOA with SMJSB for the sale of 50% non-operating participating interest in the Samarang PSC**
- **Signed a PSC with partners for Agua Marinha block in Brazil**
- **Signed a Development Agreement (DA) with partners to jointly pursue CCS project in Malaysia**
- **Attained Approvals in Principle (AIPs) with partners for 4 LCO₂ carriers and LCO₂ FSO units**

Supply Mercedes-AMG PETRONAS Formula One Team’s fleet of trucks with HVO100, a 100% renewable biofuel, helping its partner to reduce greenhouse gas emissions by up to 90%

PCG reached the FID to fully acquire Maleic Anhydride (MAr) plant in Gebeng, Kuantan

PDB signed a SAF offtake agreement to supply > 230,000 tonnes of SAF to Malaysia Aviation Group’s airlines, with the first delivery to commence from 2027.
Progressing Growth towards Cleaner and Sustainable Energy Solutions

Renewables

2.0 GW*  
Renewable Energy Capacity  
*in operations and under development

- Signed several Strategic Collaboration Agreements and Memorandum of Understanding (MoUs) with domestic, regional and international partners to explore collaborations in the development and deployment of clean energy solutions

Hydrogen

- JFSA with Tenaga Nasional Bhd to explore green hydrogen supply chain in Peninsular Malaysia
- MoU with SEDC Energy Sdn Bhd for collaborative studies to develop low carbon hydrogen to support the Kuching Urban Transportation System and a hydrogen hub in Bintulu
- Successfully obtained approval from the Tamil Nadu State Government in India on an investment proposal to construct green hydrogen and green ammonia facilities

Green Mobility

Malaysia:
- Collaborated with Permodalan Nasional Berhad (PNB) for their 1st batch Electric Vehicle (EV) Charging Points (CPs) in Kelantan. 59 EV CPs will be installed at 18 PNB's premises by 2023
- Activated roaming network for cross access of EV CPs with EV Connection Sdn Bhd and Green EV Charge Sdn Bhd
- MoUs with JLand Group Sdn Bhd, Lotus Cars Malaysia and Sunway Group to develop green mobility infrastructure across residential, commercial and industrial facilities
Remains on track with Value Creation Journey of Sustainable Growth and Profitability

**Business Highlights**

- MISC unveiled its **Newbuild FPSO (NBFPSO)**, known as **Mega-Module Engineering & Green Architecture** on 2 May 2023.
  - It is the **world’s 1st NBFPSO** using Mega-Module topsides and incorporates **sustainable technologies** into the design, making it one of the largest and greenest in the market.

- **Signed milestone Collaboration Agreements** with WinGD and DNV.
  - Areas of focus include **formulating a comprehensive training syllabus to enhance maritime capabilities** in the safe management of zero-emission ammonia engines within the industry.

- **Signed MoU with Uzma Berhad** to develop comprehensive services, including **floater conversion / modification** as well as **renewable energy solutions**, to meet the increasing demands of the energy industry.
