OBJECTIVES & INTRODUCTION
Objectives

The purpose of this document is to provide an overview and step-by-step training to system navigation as well as the capability to perform procurement functions using the system.

The contents curated in this document allows the suppliers to achieve the following:

1. To obtain an understanding on how to navigate through the new procurement platform and its functionalities.

2. To be equipped with sufficient knowledge to use the system based on the functions and features available.

3. To recognise the high level benefits of the system and the new ways of working around it.
We are going digital to transform the procurement process into a streamlined experience on a single platform for both internal and external users of the system.

A unified cloud-based end-to-end Source-to-Pay (S2P) procurement platform

- Centralised bid submission
- Seamless tender clarification
- Quick view of contractual documents
- Streamlined invoice submission
- Improved processing of purchase orders
BEFORE

SUS system requires familiarisation and multiple navigation to its different sections.

AFTER

The system look and feel is simplified, intuitive and elevates user experience.
A central, secure archive for RFX.

**BEFORE**

Invitation-to-Bid and RFX is sent manually or online, and there is no archive to quickly view ITB.

**AFTER**

RFX is available for viewing online and helps to reduce manual efforts and costs whilst increasing process efficiency.

---

Dear ABC,

Petronas has sent you its primary registration form. In order to start filling it, you need to [Click Here](#).

Please enter the responses and submit the form. The login credentials would be created on submission and you can then access SMART by GEP®.

You can also add multiple contact(s) in the Registration form and take the opportunity to welcome who can access SMART by GEP® post successful registration and look forward to a long and fruitful association with GEP family.
Online bid submissions reduces administrative efforts.

BEFORE
Bid submissions are done physically over the counter and requires lengthy administration efforts from suppliers.

AFTER
Bid submissions are done online in the system and only softcopy submissions are required.
A consolidated channel for tender clarification and negotiation.

**BEFORE**

Multiple communication channels used during tendering process (i.e. email, fax or face-to-face).

**AFTER**

A dedicated discussion forum and repository are embedded for clarification purposes.
BEFORE

Each party keeps their contractual documents locally for their reference.

AFTER

BEFORE

Purchase order is sent via multiple communication channels (*i.e.* SUS, email and courier)

AFTER

Improved processing speed as all purchase orders are accessible and can be acknowledged via GEP SMART™.
BEFORE

Multiple channel of submitting invoice either via online or offline (i.e. over-the-counter)

AFTER

Online invoice submission for all GEP SMART™ generated PO’s, eliminating dispute & enables better payment tracking
For all tenders initiated in GEP SMART, suppliers will begin to use some of the functions in the new platform until the full Go-Live in Q3-Q4 2020.
For all tenders initiated in GEP SMART, suppliers will begin to use some of the functions in the new platform until the full Go-Live in Q3-Q4 2020.

### General Functions

### Procurement in GEP SMART (Pre-Award)
For all tenders initiated in GEP SMART, suppliers will begin to use some of the functions in the new platform until the full Go-Live in Q3-Q4 2020.

### General Functions

<table>
<thead>
<tr>
<th></th>
<th>LOA Acceptance</th>
<th>Contract Management</th>
<th>Purchase Order Acknowledgement</th>
<th>Goods Acceptance / Service Confirmation</th>
<th>Invoice Management &amp; Payment</th>
</tr>
</thead>
<tbody>
<tr>
<td>6</td>
<td>LOA Acceptance will be initiated in the system via the Discussion Forum where successful suppliers are required to acknowledge accordingly.</td>
<td>Supplier will be able to access the central contract repository to view all the contracts made accessible to them.</td>
<td>Purchase Orders are sent to suppliers in the system. Suppliers will be able to view and create PO Acknowledgment. This is required to confirm the PO details prior to delivery of item or initiation of services.</td>
<td>Acceptance process for goods will be done by PETRONAS upon receipt of item. Service confirmation however will be created by supplier in the system after service completion. Suppliers will be able to view Goods Receipt Quantity in Purchase Order and create Service Confirmation.</td>
<td>Payment Requests can be initiated by supplier upon Service Confirmation and Good Acceptance by PETRONAS. Suppliers to create the necessary Payment Request in SMART by GEP®. Where needed Suppliers can create a Credit Memo in SMART by GEP®.</td>
</tr>
</tbody>
</table>

### Procurement in GEP SMART (Post-Award)

- **Letter of Award**
  - LOA Acceptance
- **Consolidated View of Contractual Documents**
- **Confirmation of Purchase Orders**
- **Confirmation of Delivered Goods/Completed Service**
- **Submission of Payment Request**
The system general functions and features are covered in this section.

LEARNING OBJECTIVES

Suppliers will be able to learn basic system features and familiarise themselves with the interface to capably navigate the system.
1 Under **Tasks**, the documents displayed are the documents that are awaiting action. Additionally, these documents are organised based on the different action types required.

2 Under **Manage**, the documents displayed are those that are currently accessible to you. These are organised by document type.

3 Using **Create**, you can create new documents in your Workspace e.g. create new invoice and credit memo.
The ‘User Profile’ section brings you to the general settings of your account.

The ‘My Bookmarks’ section enables you to add and view your bookmarks, for quick access to pages that you frequently visit.

The ‘Announcements’ functionality helps you to view all your latest announcements and notifications.

The ‘Support’ icon shows the support numbers you can contact if you have any queries.

The ‘Menu’ icon shows additional options and shortcuts to the page.

When you search for keyword(s) in the ‘Search’ field, the collated displayed results are documents from the entire Workspace domain containing the searched keyword(s).
There are 3 different ways to update the Supplier contact number in GEP SMART™:

1. **Via Primary Registration Form**
   Done when first registering on GEP SMART™ as a new user or as a user with an existing account other than PETRONAS.

2. **After receiving published RFX**
   Done on the RFX page itself at the Team Member section.

3. **In the Supplier Profile itself**
   Done from the homepage via the Supplier Profile button.
APPLICATION DEEP DIVE

1. Account Activation
2. Supplier Profile Approval & Update
3. RFX Response
4. Tender Clarification
5. Commercial Resubmission
6. Letter of Award Acceptance
7. Contract Management
8. Purchase Order Acknowledgement
9. Goods Acceptance / Service Confirmation
10. Invoice Management & Payment
Account Activation

The activation of ☛GEP SMART account will be initiated through the PRF link sent via email to the identified suppliers to kick start the tendering process.

LEARNING OBJECTIVES

Suppliers will be able to create and perform account activation in the system.

1. Receive PRF
2. Create Account
3. Activate Account
Receive PRF

A system generated email containing the PRF link will be sent to the identified suppliers.

1. Once the supplier is created in GEP SMART™, suppliers will receive a system generated email containing the Primary Registration Form (PRF) and registration instructions.

2. Suppliers with no GEP SMART™ account with PETRONAS need to click on this link to validate and activate their profile for access and responding to bid.

Note: Supplier Account Activation applies for first-time registration only. Supplier with an existing GEP SMART™ account with PETRONAS may skip this process.

It is imperative to update your current contact details and ensure the correct email address is provided to minimize the risk of not receiving RFX.
Create Account

For account creation in GEP SMART, suppliers are advised to use the same email address used to receive the PRF in the previous step.

1. Click 'Register Now' to sign up as a new user and create a new GEP SMART™ account.

   **Note:** Please use the same email address used to receive PRF from PETRONAS.

2. If you already have an existing GEP SMART™ account for another company, click on 'I have a GEP SMART™ account' to use the same credential for access.

   **Note:** The email used for registration must be the same email used to receive PRF for both PETRONAS and the other company.
Create Account

Creating new user account with PETRONAS using the same email used to receive the PRF.

To create a new GEP SMART™ account, you are required to provide and/or validate the company’s registration details.

Some company information has been populated as part of the migration exercise from SRM ROS to GEP SMART™ prior to go-live or input by buyer.

Note: The fields marked with asterisk (*) are mandatory.

You can grant account access to more users by adding secondary contact information. After clicking 'Submit', your new GEP SMART™ account will be validated and the registration process is complete.
For suppliers with existing GEP SMART™ account from other companies, they may use the same credential for access.

1. To use an existing GEP SMART™ account, suppliers are required to:
   - provide existing account credentials
   - provide and/or validate the company’s registration details

Some company information has been populated as part of the migration exercise from SRM ROS to GEP SMART™ prior to go-live or input by buyers.

Note: The fields marked with an asterisk (*) are mandatory.

2. You can grant account access to more users by adding secondary contact information.

3. After clicking ‘Submit’, your new GEP SMART™ account will be validated and the registration process is completed.
Activate Account

Upon completing the creation and registration process, your GEP SMART™ account is ready to be activated.

1. After account registration, you will receive an account activation email.

   Click on the link to be directed to the GEP SMART™ login page.

2. Use the Username and Password created, or existing credential used during the account registration with PETRONAS earlier.

   Should you forget your username and/or password, click the ‘Forgot Username/Password’ link.

   A link to reset the password will be sent to your registered email address.

3. Click ‘Login’ to start using the GEP SMART™ system.
Activate Account

Suppliers with an existing GEP SMART account with another company needs to select PETRONAS to initiate the process.

If your GEP SMART account has access to other companies as well, you will be prompted to select which company you would like to view into.

Select PETRONAS.

For PETRONAS only account access, you will be directed to the GEP SMART landing page upon login.
Activate Account

Upon successful login, the GEP SMART user homepage will appear.
APPLICATION DEEP DIVE

1. Account Activation
2. Supplier Profile Approval & Update
3. RFX Response
4. Tender Clarification
5. Commercial Resubmission
6. Letter of Award Acceptance
7. Contract Management
8. Purchase Order Acknowledgement
9. Goods Acceptance / Service Confirmation
10. Invoice Management & Payment
Supplier Profile Approval & Update

Upon login into GEP SMART, new suppliers are required to complete and submit their Supplier Profile for approval to be eligible for RFX Award and to receive Purchase Order.

For existing PETRONAS suppliers, their Supplier Profile will be migrated into GEP SMART and will be marked as approved.

LEARNING OBJECTIVES

Suppliers will be able to complete and submit their Supplier Profile for approval as well as update their Supplier Profile.

1. Complete Supplier Profile
2. Submit For Approval
3. Update Supplier Profile
Mandatory Requirements for Supplier Profile Approval or Change Request

<table>
<thead>
<tr>
<th>Mandatory Sections</th>
<th>PETRONAS Licensed or Registered Suppliers</th>
<th>Non-PETRONAS Licensed or Registered Suppliers</th>

<td></td>
</tr>
<tr>
<td><strong>Identification Information</strong></td>
<td>No action required. Mandatory field is ROC Number (i.e. company registration number) which will be auto populated.</td>
<td></td>
</tr>
</tbody>
</table>
| **Location Information**   | 1. Headquarter Address  
2. At least (1) Ordering Location Address                                                                 |                                                                                                               |
| **Certificates**           | Not Applicable (N/A)                                                                                           | Company Incorporation Certificate                                                                             |
| **Marketing Information**  | Supported Currencies                                                                                           |                                                                                                               |

The above information mentioned above are the mandatory information required for the submission of supplier profile or change request update. Suppliers are still allowed to maintain the remaining information in supplier profile.
Complete Supplier Profile

For new suppliers, the Supplier profile can be completed at anytime, but it is required to be updated in order to be eligible for RFX award and to receive Purchase Orders.

To complete your profile, click on the 'Supplier Profile' button.

Note:
- Some information in the supplier profile have been pre-populated prior to go-live.
- Mandatory fields have been populated during account creation/registration.
Complete Supplier Profile

The Supplier Profile is separated by sections and supplier is required to ensure all section has been marked as green before submitting for approval.

For PETRONAS Licensed or Registered supplier, some fields are locked and no changes are allowed. Any changes to the following need to be made in PETRONAS License Management System (PLMS):

- Supplier’s Legal Name
- Category
- PETRONAS License & Registration (Section)

Red at the progress bar indicates the section requires further input or amendment.

You may click on the progress bar to quickly jump to the respective sections.

The completion rate to the supplier profile can be tracked here.

For existing PETRONAS suppliers, your Supplier Profile will automatically be migrated into GEP SMART™. You only need to confirm that your Supplier Profile is approved, and you are good to go!
Basic Details

Supplier is required to provide the **Basic Details** of your company such as company name, category, region etc.

1. Click here to upload your company logo.
2. ‘Supplier’s Legal Name’ is referring to your company name as per registered with respective country registration bodies/agencies. e.g. Suruhanjaya Syarikat Malaysia.

The Supplier’s Legal Name will be referred to across contract documents in SMART e.g. RFX, Contract, PO, Invoice.

3. ‘Parent Company’s Identification’ type and Parent Company Name can be used if your parent company is available in SMART and to be used to link both these profiles for PETRONAS reference.

4. ‘Doing Business As’ is referred to your famously known as name.
Basic Details

Supplier is required to provide the **Basic Details** of your company such as company name, category, region etc.

- **Category** is referred to your products/services offerings. This information is only editable by the Buyer.
- For PETRONAS License/Registered Suppliers, the category will be mapped against your active SWEC from PLMS.
- **Region** is referred to where supplier can provide their service. E.g. if Malaysia & Indonesia is selected, supplier can provide service in Malaysia & Indonesia.
- **Supplier Manager** refers to the PETRONAS internal team that is responsible in managing the supplier profile.
- **Status** refers to your supplier profile status. Kindly refer to next page for the detail of each of the statuses.
Supplier Profile Status Definitions

1. **Invited:** This status denotes that the supplier has been invited to register with GEP SMART™ by the buyer user. In case the status of the supplier was set as Identified, it will be changed to Invited when a buyer invites the supplier contacts by sending them the Primary Registration Form (PRF) or by inviting them to participate in RFX.

2. **Registered:** This status denotes that the supplier contact has registered with GEP SMART™. Status of the supplier profile will change automatically once all the supplier mandatory fields have been filled by the Supplier.

3. **Approved:** This status denotes that the supplier profile has been approved by the approvers and it is now available for consumption. Status will be changed by the system from Registered to Approved upon approval from the approver.

4. **Rejected:** This status denotes that the supplier profile was rejected by the approver. Status will be changed by the system Registered to Rejected upon rejection from the approver.

5. **Non-Compliant:** System can change the status to “Non-Compliant” if it identifies that a certain type of certificate has expired or the PETRONAS License/Registration in PLMS is non-compliant. This is a configurable feature. Upon uploading a new certificate with the new valid dates, the system can revert the status back to the previous status.

7. **Inactive:** This is a status that needs to be manually selected by the Supplier Manager to make the supplier Inactive or the PETRONAS License/Registration in PLMS has expired i.e. Inactive.

8. **Suspended:** This is a status that needs to be manually selected by the Supplier Manager to make the supplier Inactive.

9. **Blacklisted:** This is a status that needs to be manually selected by the Supplier Manager to make the supplier Inactive.
Identification Information

Supplier is required to provide Identification Information of your company such as company registration number and tax number.

Click the drop down to select the relevant identification type.

Select the identification type from the drop-down list.

For Malaysia incorporated companies, kindly select ROC (Old).

Enter the identification number.

You may add new identification as required.
Identification Information

Optional where applicable: Sales Tax, Service Tax, or Digital Service Tax

1. You may add the Sales Tax, Service Tax, or Digital Service Tax in Identification Information section.

2. Once added, Sales Tax, Service Tax and Digital Service Tax needs to be extended in Location Information for Ordering Locations.

3. Supplier to select the relevant Sales Tax, Service Tax or Digital Service Tax from the dropdown option.

SAMPLE

WEHAYA SDN BHD
B1-1, 1ST FLOOR LOT 9 BLOK B, BDR BARU
SEPANGGAR
88450 KOTA KINABALU

Rujukan Kami : S10-1909-39001098
Tanggal : 12/08/2022

No. Daftar CP : S10-1909-31001098
Stesen Mengambil : Kota Kinabalu

No. Daftar CP in the "SURAT KELULUSAN PENDAFTARAN" from Royal Malaysian Customs Department represents your Tax registration number.
Certificates

Supplier can attach the supporting documents for company incorporation certificate, banking information documents, financial statements.

1. For companies without PETRONAS License/Registration companies, you are required to attached the company incorporation certificate.

To attach the document, click on the ‘Add New Certificate’ button.

2. A popup will appear. Select the relevant supporting document type and click ‘Done’.
Certificates

Supplier can attach the supporting documents for company incorporation certificate, banking information documents, financial statements.

1. Complete Supplier Profile
2. Submit For Approval
3. Update Supplier Profile

3 Under ‘Certificate Type’, select the similar certificate type as per selected earlier.

Enter the ‘Certificate Number’ and ‘Issuing Authority’.

4 Ensure to set the ‘Mandatory for Compliance’ as No.

5 Under Attachments tab, kindly attach the supporting document and click on ‘Save’.
Diversity Status

This section is not required to be filled by supplier.

Kindly DO NOT make any changes to this section.
Registration Information

Supplier may view the Primary Registration Form (PRF) that was submitted during the account creation process.

Click on ‘Additional Form’ to view the Primary Registration Form that was submitted during the account creation process.
Location Information

Location Information records your Headquarter, Ordering Location and Remit to Location. This information is required to receive PO and payment in GEP SMART™.

1. There are 3 different location types with ‘Headquarter’ appearing as default. However, you are required to have at least one (1) ‘Ordering Location’ and ‘Remit to Location’.
   - **Ordering Location** – the address where PETRONAS will send the PO. If Headquarter is the intended address, kindly proceed to copy the Headquarter’s address as a separate Ordering Location.
   - **Remit to Location** – the address and bank account where PETRONAS will send the invoice payment.

2. You may also add multiple Ordering Location or Remit to Location as required. Click the (+) icon to add new location.

3. Click the edit icon to edit location.

💡 All current Location Information in SUS will be migrated to GEP SMART™ upon Go-Live.
Location Information

Ordering Location is the location for PETRONAS to address any POs. Supplier may have multiple ordering locations depending on their business organisation.

1. Fill up the mandatory fields and select the 'Location Type' as 'Ordering Location'.

   Note: The Location Name is for supplier’s ease of reference (e.g. Kemaman Warehouse).

2. You may also link relevant Identification Info for the location.

3. Once completed, click 'Save'.
Location Information

Remit to Location is the location for PETRONAS to process any invoice payment. Supplier may have multiple Remit to Locations for each bank account.

1. Fill up the mandatory fields and select the 'Location Type' as 'Remit to Location'.

   Note: The Location Name is for supplier’s ease of reference (e.g. Kuala Lumpur Finance Office).

2. Enter only one (1) bank account’s information. Simply click on the (+) or edit icon to update the banking information.

   Important: If supplier has multiple bank accounts, please proceed to create new 'Remit to Location' for each bank account.

3. You may also link relevant identification info for the location.

4. Once completed, click 'Save'.
Location Information

In the Banking Information section, supplier should select wire transfer as the payment method and complete the mandatory fields.

**Important Guidelines**

- **Bank Name** – registered Bank Name based on SWIFT code entered.
- **Beneficiary Name** – registered bank account name.
- **SWIFT/BIC** – set of 8 or 11 digits that represents a bank branch.
- **Bank Key/ABA** – routing number for international bank account (e.g. Australia, India, Russia, South Africa, United Kingdom, USA). If not applicable, enter 0.
- **IBAN** – international bank account number. If not applicable, enter 0.
- **Bank Account Number** – should consist of 10, 12, 15 or 16 characters.
- **Verify Bank Account Number:** must be the same as Bank Account Number entered.

**Important:** Please ensure to attach the supporting document (e.g. Bank Statement Header or Bank Confirmation Letter) under **Certificates section** for each of the newly added banking information.

Once completed, click ‘Done’.
Contact Information

In the Contact Information section, supplier may add additional contacts and assign their level of access in the system.

1. Scroll to the ‘Contact Information’ section. Click on the (+) icon to add additional contacts.

2. Enter the required information in each of the fields. The fields marked with asterisk (*) are mandatory.

3. Select the default role for the contact.
   - Supplier Administrator – able to perform all activities.
   - Sales Manager – able to view contract and participate in RFX.
   - Legal Advisor – able to view contract and participate in RFX.
   - Ordering Manager – able to view, acknowledge PO and submit SES.
   - Accounts & Finance Manager – able to view, create Invoice and Credit Note.

4. Click ‘Save’ to save the information entered.
Business Information

Supplier may provide additional information on business information.

1. Kindly select the currency and enter the annual revenue in the ‘Annual Revenue (In Millions)’ field.

2. ‘Business type’ is refers to the business incorporation type i.e. Private Limited, Government Agencies, etc. Select the relevant business type.

3. ‘Total No. of Employees’ refers to the total number of employees actively hired by the supplier.

4. ‘Auto-Acknowledge Order’ refers to the method of accepting the Purchase Order. Kindly leave it unticked. This will allow supplier to manually acknowledge each PO issued by PETRONAS.

5. ‘Payment Type’ is referred to the default payment remittance method issued by PETRONAS. Kindly leave this field empty.

If ‘Auto-Acknowledge Order’ is ticked, each PO issued by PETRONAS will be automatically acknowledge/accepted and supplier are obliged to render services/products as per the PO.
Transaction Type

This section is not required to be filled by supplier.
Marketing Information

Supplier is required to select the supported currencies and can maintain the marketing information e.g. company summary, website and social media accounts.

1. Under ‘Description’, you may provide further information on your company summary of offerings.

2. ‘Supported Currencies’ refers to all the currencies supported for payment purposes. Supplier is required to select at least one supported currency.

3. ‘Supported Languages’ refers to supported languages by the supplier in conducting business with PETRONAS.

4. ‘Current Customer’ refers to the current customer that the supplier is currently conducting business with.
**Payment Terms**

This section is not required to be filled by supplier.

---

**DRILLING SERVICES SDN BHD**

- **CONTACT INFORMATION**
- **BUSINESS INFORMATION**
- **TRANSACTION TYPE**
- **MARKETING INFORMATION**
- **PAYMENT TERMS**
- **DOCUMENTS**
- **PETRONAS LICENSE & REGISTRATION INFORMATION**
- **NOTES AND ATTACHMENTS**

**Payment Terms**

- Entry: All
- Payment Terms: 30 Days After E/D, Date (Default)

---

Supplier **will not be able** to make any changes to the payment terms.
Documents

Supplier may find all documents that has been created or issued before e.g. RFX, Contract, PO, etc.

1. Each document is segregated by the document type.
Kindly select the relevant document type on the left.

2. Once selected, system will display all the documents that are available.
To open, simply click on the document name.
PETRONAS License & Registration Information

PETRONAS License & Registration information will be automatically populated in the Supplier Profile for ease of reference.

This section is not editable and only relevant for PETRONAS Licensed and Registered suppliers. Their license and registration information will be populated here.

Any changes to the information in this section will need to be performed in the PETRONAS Licensing Management System (PLMS).
Notes & Attachments

Supplier may find all notes and attachments that has been created for the supplier by PETRONAS.

Supplier will not be able to make any changes to the payment terms. By default, this section is blank.
Submit for Approval

Supplier to ensure that all necessary information has been provided before submitting their Supplier Profile for PETRONAS approval.

1. Click ‘Save and Submit’ to submit the supplier profile to PETRONAS for approval.

Note: To ensure data quality, the system will perform a background data quality check automatically. Kindly amend the relevant field as required (when prompted) and re-submit for approval.

2. You will be prompted with a notification on successful submission of your Supplier Profile. PETRONAS shall review and process your submission accordingly. You will receive a notification from PETRONAS regarding the evaluation results.

For existing PETRONAS suppliers, your Supplier Profile will automatically be migrated into GEP SMART™. You only need to confirm that your Supplier Profile is Approved and you are good to go!
Submit for Approval

Supplier to ensure that all necessary information has been provided before submitting their Supplier Profile for PETRONAS approval.

During submission, if you are prompted with an Error Message, it means that the submitted supplier profile contains incorrect information or does not follow PETRONAS data governance rules.

Please read through the message and click on Close. You may refer the full list of data quality error messages and suggested rectifications in the next page.

Kindly amend the relevant field as required (when prompted) and re-submit for approval.
**Data Quality Error Rectifications**

Supplier should amend the relevant field as required (when prompted) and re-submit for approval.

Update Supplier Profile

Supplier Profile information can be updated as and when required and it is always essential to keep their information updated.
Approved suppliers are required to create a Change Request prior to amendment of information in GEP SMART.

To begin, click 'Create Change Request'.

Click 'Yes' to proceed with creation of the Change Request.

Once Change Request has been created, you are now able to amend fields in the Supplier Profile (e.g. adding new Location, new Bank Information, new contacts etc.).

For PETRONAS Licensed and Registered suppliers, some fields are locked and no changes are allowed. Any changes to the following need to be made in PETRONAS License Management System (PLMS):

- Supplier’s Legal Name
- Category
- PETRONAS License & Registration (Section)
Update Supplier Profile

Changes made to Supplier Profile will be verified by PETRONAS prior to approval.

5 Click ‘Submit’ to submit the supplier profile to PETRONAS for approval.

You will receive a notification from PETRONAS regarding the evaluation results.

Note: To ensure data quality, the system will perform a background data quality check automatically.

Kindly amend the relevant field as required (when prompted) and re-submit for approval.
APPLICATION DEEP DIVE

1. Account Activation
2. Supplier Profile Approval & Update
3. RFX Response
4. Tender Clarification
5. Commercial Resubmission
6. Letter of Award Acceptance
7. Contract Management
8. Purchase Order Acknowledgement
9. Goods Acceptance / Service Confirmation
10. Invoice Management & Payment
RFX Response

GEP SMART enables online RFX submissions and provide a secure environment in responding and complying to the tender requirements.

LEARNING OBJECTIVES

Suppliers will be able to respond to the commercial and technical requirements as deemed by the tender and submit them successfully via system.

1 2 3

Accept Guidelines Submit Responses RFX Status
Accept Guidelines

In the event guidelines acceptance is not performed, supplier will not be able to participate in the bid.

Acceptance of guidelines was previously known as **acceptance of Invitation to Bid (ITB)**. The content of guidelines is similar to PETRONAS’ ITB documents.
Accept Guidelines

Accepting or declining the tender guidelines indicates supplier’s understanding of the terms and conditions and represents their interest to participate.

3 Check the boxes for each section to indicate acceptance of the guidelines.

**Note:** Please make sure to review all content of RFX (i.e. Basic Details, Timelines, Guidelines, Questionnaire, Price sheet) and read all attachments included in the RFX, if any.

**Note:** Suppliers can check for more information on the RFX’s OPU details by clicking on Business Unit in the Basic Details section.

4 Click ‘Accept Guidelines’.

**Note:** You may choose to decline invitation if you do not want to participate in the bid.
Accept Guidelines

Accepting or declining the tender guidelines indicates supplier’s understanding of the terms and conditions and represents their interest to participate.

5 Click on the ‘Decline Invitation’ button to decline.

6 At the window pop-up, click ‘Yes’ to confirm.

7 Supplier would need to provide a reason for declining the invitation.
Accept Guidelines

Accepting or declining the tender guidelines indicates supplier’s understanding of the terms and conditions and represents their interest to participate.

After declining the invitation, in the event that you would like to re-participate in the RFX, you can click on the ‘Accept Invitation’, then click on ‘Accept Invitation’ to re-participate in the RFX.

Kebab icon:
Submit Responses Overview

After reviewing and accepting the tender guidelines, supplier will be required to provide their responses.

The requirements for each tender varies, and below are some of the highlighted sections for reference:

a. Team Members
b. Contract Terms
c. Questionnaires
d. Price Sheet
e. Attachments

Suppliers will be required to submit their bid response for each section outlined in the RFX. If the supplier requires clarification, they may do so via the online Discussion Forum (refer to Tender Clarification).
Submit Responses - Team Members

You may assign Roles in the Team Members section.

1. Under the ‘Team Members’ section, click on the ‘Configuration’ icon.

2. The ‘Edit’ page will be displayed. Here, you are able to add any current contacts from your company to be a part of this tender.

You can also choose the ‘User’s Role’ to assign specific roles to contacts.

Click ‘Done’ once completed.

3. You may also add new contact to be a part of this tender.

User’s Roles include:

- **Primary Responder**: Primary focal person for the tender
- **Collaborator**: Able to review the tender and make edits
- **Viewer**: Able to view the tender but cannot make any edits
- **No Access**: No access at all to the tender
Submit Responses - Contract Terms

You may accept or modify the Contract Terms.

1. At the ‘Contract Terms’ section, click on the terms & conditions (T&C) to review and understand the T&C.

2. If you need to perform redlining, check out the document first. Changes shall be made on the Microsoft version of the document.

3. You will need to ‘Upload Minor Version’ of the same T&C document to upload update or proposed modifications. Once finalised, click on ‘Check In’.

4. Once completed, return to the main page and check the box to confirm that all contract terms have been read.

Note: If the box is not checked, supplier will not be able to submit response.

Redlining is a process where suppliers are able to highlight the ‘Terms and Conditions’ document areas of clauses that require deviation. Supplier may add a note on the MS Word document and reupload the same document. A new version number will be generated.
Submit Responses - Questionnaires

Suppliers must respond to all questionnaires listed in the section.

Click on the questionnaire name:

- The questions may vary in format (i.e. Radio Button, Check Box, List Box, Drop Down).
- Suppliers must select answers which are related to their capability of delivering goods and services.
- Some questions may require detailed explanation (i.e. Free Form text) and may need to provide attachments.
- If attachment is required, kindly do not add attachments more than 2GB for each question in this questionnaire section.
- For attachments that are larger than 2GB, place them in attachment section (refer to page 56).

It is the supplier’s responsibility to ensure questionnaires are answered truthfully and accurately as PETRONAS buyers will be verifying the information provided.

Note: Please review the questions thoroughly to ensure that all answers are accurate.
Submit Responses - Questionnaires

Suppliers must respond to all questionnaires listed in the section.

1. Read the guidelines.
2. Respond to questions, then click ‘Save’.
3. Once all the questions have been responded, click ‘Done’.
   Respond to all other questionnaires in similar manner.
   Click ‘Submit Response’. Confirmation window will then appear. Click ‘Yes’.
4. The completion rate of the supplier profile can be tracked here.
Submit Responses - Price sheet

The price sheet represents the commercial aspect of the tender submission and may vary from one tender to another.

Suppliers will have the option to respond to the tender’s commercial requirements through the following channels:

a. Update Price sheet via the GEP SMART™ user interface, or
b. Update Price sheet through MS Excel upload.

It is the supplier’s responsibility to verify all details in all columns within the price sheet. Columns may differ based on the Tender requirements from PETRONAS.
Submit Responses - Price sheet

a. Update price sheet via the GEP SMART™ user interface.

1. Scroll to the Price Sheet section. Click on the Price Sheet Name.

   **Note:** The Price Sheet represents the commercial aspect of the RFX, suppliers are responsible to ensure that the pricing is accurate.

2. Review all columns and rows. Respond ‘Yes/No’ in the Intent to Bid column.

3. Enter the unit price for each line item that has been marked ‘Yes to Bid’. Once unit price for all line item is entered, click ‘Done’.

   **Note:** For full item description, please refer to the Item Specification field instead of Item Description field.

4. Respond to all the Price sheets in a similar manner, then click on ‘Submit Response’. The confirmation window will appear. Click on ‘Yes’.

   **Note:** Supplier to key in all mandatory fields i.e., Supplier Incoterm Code, Supplier Incoterm Location, and Estimated Lead Calendar Days for Material Lines only. For Service Lines these fields are non-mandatory.

   **Note:** Supplier can only fill in numerical value for Estimated Lead Calendar Days.

---

The price sheet displayed above is a screenshot taken from within the GEP SMART™ platform. Suppliers that choose to update the price sheet directly within the platform will have the above view.
Submit Responses - Price sheet

b. Update price sheet through MS Excel upload.

Suppliers can only use the downloaded template provided and not any other format. Suppliers are only permitted to provide input on certain fields, the rest are locked.

Note:
- Supplier to key in all mandatory fields i.e., Supplier Incoterm Code, Supplier Incoterm Location, and Estimated Lead Calendar Days for Material Line only.
- For full item description, please refer to the Item Specification field instead of Item Description field.
- Suppliers are to ensure that the price sheet uploaded is successful.
- Upon completion, a message will appear indicating 'Upload Successful'.

Upon download, you are required to fill in the unit price in the Excel and upload it back to the system.
Submit Responses - Attachments

In this section, suppliers can provide and review attachments for supplementary documentation.

1. Under the ‘Supplier’ section, you can attach documents related to the RFX/Tender (i.e. CV, ITB documents, alternative specs, product specs, etc.).

   You will need to select the attachment if it’s a Technical or Commercial form of attachment.

   Please ensure that all the attachments with Pricing matters are marked as ‘Commercial’ Attachments.

2. Under the ‘Buyer’ section:
   - You will be able to view and download attachments that have been provided by the PETRONAS representative.
   - It is compulsory to view all these attachments prior to bid submission.
   - You may see comments from Buyer, if any, at the Attachments section.
Submit Responses Overview

Upon accepting the tender guidelines and providing all the required information, supplier is ready to submit their RFX response.

1. Once all sections of the Tender documents have been completed, suppliers need to ensure that all details are accurate in accordance to the guidelines (RFX).

2. Once this has been checked and confirmed, click ‘Submit’ to submit the bid response. Once submitted, the document status will show as ‘Response Submitted’.

3. You can resubmit responses by first withdrawing response and only if response timeline is still open. Once the Response Timeline status changes to ‘Closed’, the system will not allow any more submissions.

It is the Supplier’s responsibility to ensure that they plan and submit their responses for the Tender in advance before the response closing date, to avoid losing out any opportunities to participate. The system will not permit any submissions once response date closes.
RFX Status

The RFX status will change based on the action completed by suppliers or action initiated by buyers.

1. **RFX Withdrawn**
   - The RFX is still active, the status could be due to:
     - Possible amendment to the requirements (i.e. Changes in scope or tender requirement),
     - Addendum made to the RFX or tender.

2. **RFX Cancelled**
   - The RFX is currently inactive and this status will be initiated by the sourcing execs or buyer.
   - You will be notified that the tender has been aborted/dropped via email notification.

3. **RFX Submitted**
   - The RFX or tender is active, the status will be considered as submitted once you complete the guidelines and RFX responses.
APPLICATION DEEP DIVE

1. Account Activation
2. Supplier Profile Approval & Update
3. RFX Response
4. Tender Clarification
5. Commercial Resubmission
6. Letter of Award Acceptance
7. Contract Management
8. Purchase Order Acknowledgement
9. Goods Acceptance / Service Confirmation
10. Invoice Management & Payment
Tender Clarification

The discussion forum will be the primary means of communication for tender clarification as well as the avenue for document sharing (update) post bid closing date.

LEARNING OBJECTIVES

Suppliers will be able to authenticate details on technical and commercial requirements, review and document them through the system for reference.

Discussion Before Bid Closing  Discussion After Bid Closing
Discussion Before Bid Closing

Any queries or clarifications required with regards to the tender shall be communicated through the Discussion Forum in GEP SMART.

• Suppliers are urged to use the Discussion Forum as the only means of communication and make amendments to bid responses before bid closing date.
• All queries shall be responded by respective buyers or sourcing execs, whilst being documented and contractually binding.

1. Initiate your query through the ‘Chat icon’ on the top right corner. The group discussion window pop up will be displayed.

2. If you receive any notification from the Buyer, a numbered notification will appear on top of the Chat icon.

In the window pop up, amend the discussion title accordingly by clicking on the ‘Pencil’ icon.

Note: there may be some discussions that have already been posted in the forum by a PETRONAS representative. Refer to those discussions for potential technical/tender clarifications, related updates and briefings on tender content.
Discussion Before Bid Closing

Any queries or clarifications required with regards to the tender shall be communicated through the Discussion Forum in GEP SMART.

1. Enter the query in the text box near the bottom of the screen.
2. To add in attachments, click on the ‘Attachments’ icon at the bottom left corner of the text box.
3. Once finished, click ‘Post’ to send the query.
4. You are urged to use discussion forum to communicate PETRONAS regarding the specific RFX/Tender. This should be the only means of communication.
5. Suppliers to submit query using Discussion Forum and make amendments to RFX bid responses in the event the response timeline (bid closing date) is open.
6. You can also see your team members who are involved in this RFX/tender next to the ‘Supplier Members’ line.
Discussion After Bid Closing

Any action after bid closing (i.e. negotiation) will be initiated by the buyers or sourcing execs. Changes to the initial bid submissions will be documented through the Discussion Forum.

Suppliers will **not be able to modify** their bid submissions **after bid closing date**. Any amendments or modification required to the responses shall be done **through the Discussion Forum via document attachments**.

In the event there are amendments or updates to the RFX bid responses **after bid closing date**, you are required to attach the relevant documents (e.g. certifications, company information etc.) into the discussion forum.
Commercial Resubmission

GEP SMART enables the revision of commercial submission through the initiation of auction and pricing resubmission during the tendering process.

**LEARNING OBJECTIVES**

Suppliers will be able to partake in the auction and/or negotiation process for the revision of commercial requirements post initial bid submission.

1. Auction
2. Pricing Resubmission
Auction (only if applicable)

Auction activities will be initiated by sourcing execs and notification will be sent to impacted suppliers for action.

1. After login to the system, click on 'Task'.

2. Under the 'Action Pending' list, select the Auction that needs to be responded to.
Auction (only if applicable)

Suppliers are expected to review and required to accept the terms and conditions prior to the auction process.

3 Read through and comprehend the Non Disclosure Agreement (NDA) associated with the tender.

4 Check the box to indicate that you have read and understood the terms and conditions stated in the agreement.

5 Click ‘I Accept’ to indicate your interest to participate in the Auction for commercial re-evaluation.

Or click ‘I Decline’ otherwise.
Auction (only if applicable)

The auction process will run for a specified period of time, suppliers are encouraged to observe the timing closely and place their bids accordingly.

6. The timer indicates Auction live period, in which suppliers are allowed to place their bids.

7. Towards the right, place your bid based on your best ‘Price Per Unit’.

8. Upon final confirmation of the bid/price, click on ‘Place Bid’.

You are allowed to place your bids continuously during the auction live period.

Once timer turns zero, the auction is deemed to be concluded.

Note: Upon success of the revised price, you will be notified and shall proceed with the steps in ‘Pricing Resubmission’.
Pricing Resubmission

In the event where buyers perform negotiation to commercial response, suppliers will be required to resubmit their pricing, this process needs to be done post-successful auction as well.

1. To resubmit new prices, log into GEP SMART™.
   - From the homepage, click ‘Tasks’.
   - Select the tender that needs further action.

2. Under the ‘Action Pending’ list, select the tender that needs to be responded.
Pricing Resubmission

In the event where buyers perform negotiation to commercial response, suppliers will be required to resubmit their pricing, this process needs to be done post-successful auction as well.

Scroll to ‘Price Sheet’ subsection. Click the ‘View Feedback’ link.

The Price Sheet with the feedback will be displayed.

You will then have to enter the Revised Prices in the specified column post-negotiation/auction results.

During the Feedback Timeline, prices that are to be revised will be highlighted in colour by the Buyer/Author of the Tender and you will be informed by each colours’ meaning in the Discussion Forum. You will also receive an email notification for this update.

Note: All suppliers will be notified on the colour definition and the revised prices requirements by PETRONAS.

Enter revised unit if desired by the Supplier or as per agreed with PETRONAS. Click ‘Done’.
Letter Of Award Acceptance

The discussion forum will be the primary means of communication for tender clarification as well as the avenue for document sharing (update) post bid closing date.

LEARNING OBJECTIVES

Suppliers will be able to authenticate details on technical and commercial requirements, review and document them through the system for reference.
LOA Acceptance

Supplier to acknowledge their acceptance of award via the online Discussion Forum.

Upon successful evaluation, supplier will be notified via email together with the issuance of Letter of Award (LOA).

Respective Buyer/Author will then prepare a topic in the Discussion Forum on LOA Acceptance to be directed to the Awarded Supplier.

Click on the ‘Chat icon’ on the top right corner of the RFX page.

The successful supplier is required to respond in the Discussion Forum, upon receipt of LOA document from PETRONAS to confirm acknowledgement and indicate acceptance.

Click ‘Post’ to complete the LOA acceptance.
Contract Management

GEPSMART provides a central repository to give you visibility of contract status and upload additional notes and attachment for the contract.

LEARNING OBJECTIVES

1. Access Contract Repository
2. Upload Notes, Attachments & Links
3. Respond to Contract Obligations
4. Using The Discussion Forum
5. Update Supplier Contact Information

Suppliers will be able to search and view their awarded contracts in the system as well as upload relevant attachments.
Access Contract Repository

Supplier can navigate to the contract repository from the Home Page.

1. On the Home Page, click on 'Manage' to navigate to the Contract dashboard.
Access Contract Repository

Supplier can navigate to the contract repository from the Home Page.

Select ‘Show All’ on the ‘Contract’ dashboard to display all the contracts accessible to you.
Access Contract Repository

Supplier will be able to access the awarded contract and view the contract details.

In the contract repository, double click on the desired contract to view the contract details.
Access Contract Repository

Supplier will be able to access the awarded contract and view the contract details.

Key sections:
- **Terms**: displays the contract duration
- **Applicable For**: displays the Buyer list/OPU who will consume the contract
- **Contract Language**: displays the agreed contract document details
- **Lines**: displays schedule of rate/Pricebook

4 Each section can be expanded for the details.

5 Click ‘Preview’ to view the contract hierarchy/linked contract being established.
Access Contract Repository

Supplier will be able to access the awarded contract and view the contract details.

6 Click on **Contract Hierarchy Icon** to view the linked contract.

Note: Linked contract(s) represent the individual contract derived from main contract.

7 For the example shown, there are two sub-contracts derived from the main Contract.
Upload Notes, Attachments & Links

Supplier will be able to upload additional notes, attachment or external link for the awarded contract.

Under Notes And Attachments, you can view any notes and attachments made visible to you.

You may also upload your own notes, attachments or external links here.

Click on to upload any notes, attachment or external link.

Select the relevant action i.e.
- File upload: to upload an attachment
- Notes: to create a note
- External Link: to capture any relevance link

This section is only meant to capture any final notes and attachments that are applicable for this Contract.
Upload Notes, Attachments & Links

Uploading attachments.

1. Click on to upload any notes, attachment or external link.

2. Select File Upload to upload an attachment.

3. Select Upload Document to insert the relevant document.

4. Click Close once document completed upload.

5. Select ‘External: Document from Supplier’ from the Classification dropdown for the uploaded document.
Creating and uploading notes.

1. Click on to upload any notes, attachment or external link.
2. Select Notes to create a note.
3. Provide a Name for the note.
4. Provide the content of note in Description.
5. Click Save once complete.
6. Select ‘External: Document from Supplier’ from the Classification dropdown for the created note.
Upload Notes, Attachments & Links

Sharing and uploading external links.

1. Click on ✂️ to upload any notes, attachment or external link.
2. Select External Link to share any external link.
3. Provide a Name for the external link to be shared.
4. Provide the URL.
5. Click Save once complete.
6. Select 'External: Document from Supplier' from the Classification dropdown for the uploaded link.
Respond to Contract Obligations

Supplier will receive an email notification on the Contract Obligations that need to be responded to.

An Obligation associated with the following contract is now in "To Be Achieved" status.
SMART Contract Number : MCTR10000566(Revision 24)
Contract Name: xx
Supplier: xx
Obligation Name: Insurance - Initial
Obligation Due Date: 07 Jul 2021

• Refer [here](#) for the full list of obligations and action to be taken by supplier
• Consult your PETRONAS Contract Management representative via the Contract discussion forum for any clarification required

Click [here](#) to access the SMART by GEP system.

Note: This is a system generated email.
Respond to Contract Obligations

Supplier can navigate to the outstanding contract obligations from the Home Page.

2

On the Home Page, click on ‘Task’ to navigate directly to the contract obligations.
Respond to Contract Obligations

Supplier will need to update the status of the action plan that they have been assigned to upon completion of the obligation.

3 Click on the Kebab icon and select ‘Manage Obligations’.

Note: The feature for the system to automatically notify action plan via email will only be available in November, after the enhancement is released in Release 2 Go-Live.

4 Click on the Obligation where the action plan needs to be updated.
Respond to Contract Obligations

Supplier will need to update the status of the action plan that they have been assigned to upon completion of the obligation.

5. Look for the ‘Action Plans’ that you are assigned to.

6. Click on the ‘To Be Achieved’ Status to update the status of the Action Plan.

7. Choose the relevant option to update the status:
   - **Achieved** – Action Plan Achieved / Acknowledged Reminder.
   - **Not Relevant** – Action Plan Not Relevant / Reminder not applicable.
   - **Failed** – Action Plan failed to be completed.
Contract Obligation Types & Definition

It is the supplier’s responsibility to understand and fulfil their contractual obligations as and when required throughout the contract period. Specific Action Plans configured to Obligations are assigned to either PETRONAS and Supplier. The types of obligations that involves suppliers are as follows:

<table>
<thead>
<tr>
<th>Obligation Type</th>

Using The Discussion Forum

For any clarification regarding the contract, supplier shall use the discussion forum as the formal communication channel with PETRONAS.

1. Click on the 'Discussion Forum' icon to initiate communication with PETRONAS.

**Topic > Discussion > Threads**

**Topic:**
- Topic is the group name where you can have multiple discussions around a topic.
- A Topic can have multiple Discussions.

**Discussion:**
- A Discussion is a sub-unit under Topic.
- One (1) Discussion can have multiple Threads.

Only the Supplier Contact designated in the contract can initiate a thread in the Discussion Forum. Other team members within your company will only able to view the contract details.
Using The Discussion Forum

Supplier will first be required to create a suitable topic.

1. Access Contract Repository
2. Click on in the top right to begin.
3. Next, click on ‘Create Topic’.
4. Enter the relevant ‘Topic Name’.
5. Click ‘Save’ to save the topic.
6. Click ‘OK’ to complete the topic creation.
Using The Discussion Forum

Once the topic has been established, supplier shall create a Discussion around the topic.

In the newly created topic, click on ‘Create Discussion’.
Using The Discussion Forum

Once the topic has been established, supplier shall create a Discussion around the topic.

8. Select the ‘Supplier Members’ to be included in the Discussion.

9. Click on ☐️ to select an existing Topic or to add new Topic.

10. Provide a name for the Discussion.

11. Click ‘Save’ to save the Discussion name.

12. Click ‘OK’ to complete the Discussion creation.
Using The Discussion Forum

Lastly, supplier can initiate their query by posting a discussion thread.
Update Supplier Contact Information

Information to be updated if required through contacting contract administrator via the Discussion Forum.

1. Under the **External Party** section, you can update the **Supplier Contact** by submitting a request via the Discussion Forum to the authorised PETRONAS personnel.

   Note: The **Supplier Contact** refers to primary team member who manages this contract.

2. Under the **External Party** section, you can also update the **Ordering Location**.

   Note:
   - Ordering Location to be maintained based on the branch where Supplier will receive Purchase Orders (PO).
   - The Ordering Location will be defaulted in the PO.

For any changes in the Contract, please submit your request via the Discussion Forum to the authorised PETRONAS personnel.

Only authorised PETRONAS personnel can update the **Supplier Contact** and **Ordering Location**. For any changes, please submit your request via Discussion Forum.
Purchase Order Acknowledgement

Purchase Orders are sent to suppliers in GEP SMART®. Suppliers will be able to view and acknowledge the purchase orders.

**LEARNING OBJECTIVES**

Suppliers will be able to view Purchase Order Details and create Purchase Order Acknowledgement.

1. View Purchase Order
2. Create Purchase Order Acknowledgement
View Purchase Order (1/6)

Purchase Order can be searched directly from the Home Page.

1. In order to view the Purchase Order details, click on ‘Manage’ at the Home Page.

2. Supplier can also search Purchase Order directly via inserting the Purchase Order Number in the ‘Search Field’ at the Home Page.

Note:
1. A notification will be issued to the Supplier upon successful creation of Purchase Order from PETRONAS. However, the final list of Purchase Orders is always referring to the one available in the system.
2. For legacy PO (Created before SMART Go-Live), the supplier can insert the legacy PO number in the search bar. The legacy PO has been labelled in the new SMART Purchase Order Name field.
View Purchase Order (2/6)

A list of documents will be displayed in the ‘Manage’ dashboard.

1. View Purchase Order
2. Create PO Acknowledgement
3. Select the Order that you wish to view.
4. Click ‘Show All’ in order to view all POs created.

Supplier can also check other document types while navigating in the ‘Manage’ Screen (i.e. Service Confirmation, RFX, etc.)
View Purchase Order (3/6)

Details of the Purchase Order will be available in the Interface.

Supplier to check on the details of the Purchase Order prior to acknowledging it. Any discrepancies of details shall be highlighted to PETRONAS accordingly.
Details of the Purchase Order will be available in the Interface.

8 Supplier is also able to view the Contract Number, Contract Name & Contract Expiry in the Line Details section.

9 Supplier can also click "Print Preview" at the bottom left of the page to get an overall view of the Purchase Order.

Supplier to check on the details of the Purchase Order prior to acknowledging it. Any discrepancies of details shall be highlighted to PETRONAS accordingly.
View Purchase Order (5/6)

Details of the Purchase Order will be available in the Interface.

Supplier to check on the details of the Purchase Order prior to acknowledging it. Any discrepancies of details shall be highlighted to PETRONAS accordingly.

10 Click “Download” to download a copy of the PO

11 Click “Print” to print a copy of the PO

12 Click “Back” to go to the previous screen
MyTimex details will be available in the Purchase Order Interface.

"Additional fields details" displays information about the contractors and the assigned project.

Click "Download" to download a copy of the PO.

Click "Print" to print a copy of the PO.

Click "Back" to go to the previous screen.

Supplier to check on the details of the Purchase Order prior to acknowledging it. Any discrepancies of details shall be highlighted to PETRONAS accordingly.
Create Purchase Order Acknowledgement

Supplier is required to create a Purchase Order Acknowledgement to confirm the Purchase Order details prior to delivery of item or initiation of services.

1. Once supplier complete validating the Purchase Order Details, supplier to proceed with Supplier Acknowledgement in SMART by triggering the ‘Acknowledge Order’ at bottom right of the Purchase Order Screen.

Important: Supplier to check details of the Purchase Order prior to acknowledging it. Any discrepancies should be highlighted to PETRONAS accordingly.
For Suppliers providing manpower services to PDSB (for PDSB Timewrite purposes), kindly skip the creation of Service Confirmation steps and proceed to Invoice Management & Payment.
Acceptance process for goods will be done by PETRONAS upon receipt of material and service confirmation will be created by supplier in GEP SMART™ after service completion.

**LEARNING OBJECTIVES**

Suppliers will be able to view Goods Receipt Quantity in Purchase Order and create Service Confirmation in GEP SMART™

1. View Goods Acceptance & Return Note
2. Create Service Confirmation (Rate Based)
View Goods Acceptance & Return Note

Supplier will be able to view Good Acceptance status and Return Note for materials in GEP SMART.

1. **Goods Acceptance** – Acceptance quantity, net of cancellations or return deliveries, will be displayed in the respective Purchase Order at item level.

2. **Return Note** – Return note will be created for item that fails Acceptance process. Supplier can view the individual return note document.
View Goods Acceptance

The Goods Acceptance status will be available in Purchase Order details in **GEP SMART** after PETRONAS creates the Good Received internally.

1. To view the Goods Acceptance Status for Purchase Orders, click on ‘Manage’ at the Home Page.
2. Select the desired Purchase Order.
3. Click ‘Show All’ to view all Purchase Orders.
View Goods Acceptance

The Good Acceptance status will be available in Purchase Order details in GEP SMART® after PETRONAS creates the Good Received internally.

4 Supplier will be able to view the **Acceptance Quantity** by clicking the item history.

- If VIEW is clickable (blue), subsequent document (e.g. SC, receipt etc.) has been created.
- If VIEW is not clickable (grey), no subsequent document is created.

Total Received Quantity is the total accepted quantity.

**Note:** Supplier to check on the Total Received Quantity prior to creation of invoice.
View Return Note

Return Notes will be created for items that fail upon acceptance process. Supplier can view the individual Return Note document listed.

1 To view the list of Return Notes, click on ‘Manage’ at the Home Page.

2 Select the desired Return Note document.

3 Click ‘Show All’ to view all Return Notes created.
A Return Note will be created for material that failed acceptance (e.g. material in damaged condition).

Supplier will be able to view the ‘Returned Quantity’ of each return note document, and the ‘Reason for Return’.
Create Service Confirmation (Rate Based)

Supplier to create service confirmation immediately upon completion of work as per agreed PO requirements.

This step is not applicable for Suppliers providing manpower services to PDSB (for PDSB Timewrite purposes).

1. Supplier to search for the PO number which they want to create Service Confirmation in the Search bar.

Alternatively, supplier may also search the PO number in the 'Manage' dashboard if they do not know the exact PO number.
Create Service Confirmation (Rate Based)

PO details will be displayed on screen.

Ensure all PO details are correct and accurate based on PETRONAS request and Requirement prior to creation of Service Confirmation.
Create Service Confirmation (Rate Based)

Supplier to verify and confirm the right Purchase Order for Service Confirmation creation.

Once Supplier completes validating the Purchase Order Details, go to More Actions at the top right of screen and click on Create Service Confirmation.
Create Service Confirmation (Rate Based)

Service Confirmation details will be displayed.

1. Supplier to confirm the field supervisor assign for SC verification process.
2. Service Confirmation (Rate Based)
3. Goods Acceptance & Return Note

4. Supplier to insert the Service Confirmation Name.
5. Supplier to insert the Service Confirmation Number.
6. Supplier to insert the Service Confirmation Description.
7. Supplier to insert the Service Confirmation Work Location.

Supplier to ensure that all the basic details entered during Service Confirmation creation are correct and accurate based on the service completed.
Create Service Confirmation (Rate Based)

Line items details will be displayed for Supplier’s confirmation.

Click on the Table icon to view all the lines available in the PO document.

Supplier able to view all the lines available in PO and edit the Quantity, Start Date and End Date before adding to the Service Confirmation.

Note: Maximum decimal places accepted for Quantity field is 3 decimal places.
Alternatively, Supplier can enter the Quantity consumed, Start Date and End Date at each line item in the Service Confirmation document.

Once completed, please check to make sure accurate information has been entered.

**Note:** Maximum decimal places accepted for Quantity field is 3 decimal places.
Create Service Confirmation (Rate Based)

Job Completion Ticket (JCT) or other relevant supporting documents to showcase the completion of work must be upload by suppliers.

NOTES AND ATTACHMENTS

Under the Notes and Attachments section, use the File Upload feature to upload supporting documents.

Supporting documentation (e.g. JCT) is a mandatory requirement by PETRONAS for reference during Service Acceptance Creation.
Job Completion Ticket (JCT) or other relevant supporting documents to showcase the completion of work must be uploaded by suppliers.

12. Click ‘Upload Documents’ to upload relevant supporting documentation.

i. Documents that supplier wish to upload must be in the accepted format type and must not exceed 20MB.

Attachment wish to be uploaded must be in the accepted format type in GEP SMART™ as per item i) and must not exceed 20MB.
Create Service Confirmation (Rate Based)

Supplier to proceed with submission of Service Confirmation.

It is supplier responsibility to ensure that all the info, details, notes and attachment submitted are correct and completed based on the actual service completion.

Success status will appear to confirm successful creation of Service Confirmation.

Supplier will receive email notification once the Service Confirmation has been Accepted/Rejected by User.
Create Service Confirmation (Rate Based)

The status of the Service Confirmation will be displayed upon successful creation of Service Confirmation.

Once service confirmation is created, it will require PETRONAS to conduct Service Acceptance subject to the completeness of the Service Confirmation against the PO details and requirements.

Supplier will be able to view the status of Service Confirmation in ‘Manage’.

Status of Service Confirmation will be displayed accordingly.
APPLICATION DEEP DIVE

1. Account Activation
2. Supplier Profile Approval & Update
3. RFX Response
4. Tender Clarification
5. Commercial Resubmission
6. Letter of Award Acceptance
7. Contract Management
8. Purchase Order Acknowledgement
9. Goods Acceptance / Service Confirmation
10. Invoice Management & Payment
Invoice Management & Payment

Payment Requests can be initiated by supplier upon Service Confirmation and Good Acceptance by PETRONAS.

LEARNING OBJECTIVES

Suppliers will be able to create Payment Request in GEP SMART™

1. Create Payment Request (For Service Confirmation)
2. Create Payment Request (For Receipt)
Create Payment Request (For Service Confirmation)

Supplier can search the Purchase Order with approved service confirmation.

1. Supplier to search for the PO number which they wish to create a Payment Request for.

Alternatively, supplier may also search the PO number in the 'Manage' dashboard if they do not know the exact PO number.
Create Payment Request (For Service Confirmation)

Supplier can verify and create the invoice.

1. Supplier need to click on Create Invoice. A pop up will appear with two options (Only applicable if PO has both Service and Material line items):
   - Create Invoice for Receipt
   - Create Invoice for Service Confirmation

2. Supplier need to click on Create Invoice for Service Confirmation to proceed.
Create Payment Request (For Service Confirmation)

For Purchase Orders with service item category, suppliers are required to create the payment request based on the Service Confirmation document.

1. Payment Request (For Service Confirmation)
2. Payment Request (For Receipt)
4. A list of ‘Service Confirmations’ will appear. Select the applicable one.
5. Click ‘Select’ to confirm.

Success status will appear to show the invoice has been created.
Create Payment Request (For Service Confirmation)

Supplier will then proceed to enter the necessary details in the invoice.

1. Insert the Invoice Name.
2. Insert the Invoice Amount.
3. Insert the Supplier Invoice Number. The Supplier Invoice Number must be unique to each transaction.
4. Due to a character limit within the system, please ensure that the invoices you submit adhere to a maximum of sixteen (16) character invoice number per invoice, including spaces and special characters.
5. Insert the Supplier Invoice Date.
6. Insert or change the Remit To Location (Supplier Bank Account).
7. Insert the Exchange Rate if invoice document currency is non-MYR.

Note: for non-Malaysian incorporated suppliers invoicing in non-MYR currency, please enter zero value (0). Otherwise, please leave blank.
Create Payment Request (For Service Confirmation)

Tax categories will be available at each of the line item.

System will prompt error message to **insert tax code for each line item**.

By default, taxes value is 0.00 and supplier need to select the **correct tax code** from drop down list.

Supplier to ensure that invoice price is correct as per agreed items in the **Line Details** section. The line item quantity in the invoice created is based on the service confirmation.
Create Payment Request (For Service Confirmation)

Tax categories will be available at each of the line item.

<table>
<thead>
<tr>

</tbody>
</table>

**Insert the applicable Tax Code as per the available options:**

- Sales Tax P2P: 0% Default (B0)
- Sales Tax P2P: Non Taxable (B1)
- Sales Tax P2P: 5% (BA)
- Sales Tax P2P: 10% (BB)
- Service Tax P2P: 0% Default (K0)
- Service Tax P2P: 6% (KA)
- Service Tax P2P: 6% Imported Services (KI)

**Note:** For full definition of the tax code, kindly refer to [here](#).

Add: A line will appear below the fields.

Once satisfied with the tax code selection, click on 'Apply'.

Repeat the same step for each line item.

**Note:** Only one tax code is allowed to be selected. Supplier can only charge for category of tax registered with Royal Malaysian Customs Department.

It is Supplier’s responsibility to ensure that the right tax code and tax treatment is being selected and declared based on actual job completed.

Supplier can only charge for category of tax registered with Royal Malaysian Customs Department.
Create Payment Request (For Service Confirmation)

Tax check will be available at each of the line item in the ‘Additional Information’ field.

1. Check the box for Tax Check once satisfied with the tax code selection and click on Apply at the bottom right of the pop up.

Repeat the same step for each line item.
Create Payment Request (For Service Confirmation)

Supplier is required to upload a scanned copy of the original invoice.

Go to the Kebab icon at the top right corner of the screen and click on Upload Image to upload the Original Invoice document.

The scanned copy of the Original invoice is a mandatory requirement by PETRONAS. Kindly ensure the value of the Original invoice uploaded is the same as per payment request created in GEP SMART™.
Create Payment Request (For Service Confirmation)

Disclaimer will be displayed prior to upload of scanned Invoice documents.

It is supplier’s responsibility to ensure that all the document attached is correct and accurate based on actual job completion as per PO requirements and deliverables.

Click 'Proceed' upon reviewing the disclaimers for uploading the scanned Invoice.
Create Payment Request (For Service Confirmation)

Supplier to upload the scanned Tax Invoice.

9 On the pop up, click **Upload Documents** and select the scanned invoice to be uploaded, then click Open.
Supplier to proceed with submission of Payment Request to PETRONAS. Another disclaimer for invoice submission will be displayed.

10 Click ‘Send to Buyer’ once satisfied with all the details and attachments.

11 Click ‘Proceed’ upon reviewing the disclaimers for Invoice submission.

12 A confirmation pop up will appear to confirm the number of line items that will be processed in this invoice. Click ‘Yes’ to proceed.

13 Success status will appear upon successful submission of Payment Request.
Create Payment Request (For Service Confirmation)

The status of the Payment Request will be displayed accordingly.

Supplier will be able to view the status of the Payment Request in ‘Manage’.

Status of Payment Request will be displayed accordingly.
Create Payment Request (For Receipt)

For Purchase Orders with material line-item category, supplier are required to create the payment request from the Purchase Order itself.

1. At the Search bar, supplier to search for the PO number which they wish to create a Payment Request for.

Alternatively, supplier may also search the PO number in the ‘Manage’ dashboard if they do not know the exact PO number.
Create Payment Request (For Receipt)

From the PO screen, supplier can create a payment request based on total quantity accepted displayed in the item history.

The item history shows the total quantity that has been received for this PO material line item.

Supplier need to click on Create Invoice. A pop-up list will appear to show the below options (Only applicable if PO has both Service and Material line items):

- Create Invoice for Receipt
- Create Invoice for Service Confirmation

Click 'Create Invoice for Receipt' to proceed.

If there is only Material line item, clicking the Create Invoice will directly create a Payment Request.
Create Payment Request (For Receipt)

Supplier to fill up the information as required.

1. Fill in details in all required fields for the invoice.
2. Insert the Invoice Name.
3. Insert the Invoice Amount.
4. Insert the Supplier Invoice Number.
5. Insert the Supplier Invoice Date.
6. Insert the Remit To Location (Supplier Bank Account).
7. Insert the Exchange Rate if invoice document currency is non-MYR.

The Supplier Invoice Number must be unique to each transaction.

Due to a character limit within the system, please ensure that the invoices you submit adhere to a maximum of sixteen (16) character invoice number per invoice, including spaces and special characters.

Note: for non-Malaysian incorporated suppliers invoicing in non-MYR currency, please enter zero value (0). Otherwise, please leave blank.
Create Payment Request (For Receipt)

Supplier is required to only claim the allowable quantity for the invoice based on the receipt. The system will reject any invoice that exceeded the total value of receipts.

5. Enter the quantity that is allowable in the system for the line item with receipt. You can view the accepted quantity as a reference.

6. In the event of submitting invoice for selected line item, highlight the line item where there no receipt or invoice to be submitted. Click Delete icon to remove the highlighted line item with zero quantity.
Create Payment Request (For Receipt)

Tax categories will be available at each of the line item.

7 Insert the Tax Code, the supplier can go to the `Taxes` field and click.

A popup will appear and once selected, supplier to click `Add` then click on `Apply` once satisfied with the tax code selection. Repeat the same step for each line item (if applicable).

Note: Only one tax code is allowed to be selected. Supplier can only charge for category of tax registered with Royal Malaysian Customs Department.

Below are the available options:
- Sales Tax P2P: 0% Default (B0)
- Sales Tax P2P: Non Taxable (B1)
- Sales Tax P2P: 5% (BA)
- Sales Tax P2P: 10% (BB)
- Service Tax P2P: 0% Default (K0)
- Service Tax P2P: 6% Imported Services (KI)

Note: For full definition of the tax code, kindly refer to [here](#).
Create Payment Request (For Receipt)

Tax check will be available at each of the line item in the ‘Additional Information’ field.

8 Click **Tax Check** once satisfied with the Tax code selection and then click ‘Apply’.

Repeat the same step for each line item.

Please note that Tax Check is mandatory for all line items.
Create Payment Request (For Receipt)

Supplier to upload the Scanned copy of the Original Invoice document.

Go to Kebab icon at the top right corner of the screen and click 'Upload Image' to upload the original invoice and other supporting documents.

The scanned copy of the Original invoice is a mandatory requirement by PETRONAS. Kindly ensure the value of the original invoice uploaded is the same as per payment request created in GEP SMART™.
Create Payment Request (For Receipt)

A disclaimer will be displayed prior to upload of scanned invoice and documents.

**DISCLAIMER**

1. I/We hereby declare and verify that:
   (a) All the information and details contained in the invoice are accurate, correct, adequate and reliable;
   (b) All information and details contained in the invoice are consistent with the information provided by us to PETRONAS in the application (portal).
2. I/We will be fully responsible for withholding of information or giving false or inaccurate or inadequate information to PETRONAS or in the event of any inconsistency between the information provided through the application (portal) and the invoice(s).
3. I/We hereby agree to indemnify and hold harmless PETRONAS and/or any of its entities from any claim, damages, losses and expenses including legal fees, arising out of or resulting from the reliance or use of information or caused by any inconsistency between the information provided in the application (portal) and the invoice(s) provided by me/us.

Click **Proceed** after reviewing the disclaimer for invoice and document upload.

It is supplier’s responsibility to ensure that all the documents uploaded are correct and accurate based on actual job completion as per PO requirements.
Create Payment Request (For Receipt)

Supplier to upload the invoice document.

On the pop up, click 'Upload Documents' and select the scanned invoice to be uploaded, then click Open.
Create Payment Request (For Receipt)

Supplier to proceed with submission of Payment Request to PETRONAS. Another disclaimer for invoice submission will be displayed.

12 Click ‘Send to Buyer’ once satisfied with all the details and attachments.

13 Click ‘Proceed’ upon reviewing the disclaimers for Invoice submission.

14 A confirmation pop up will appear to confirm the number of line items that will be processed in this invoice. Click ‘Yes’ to proceed.

15 Success status will appear upon successful submission of Payment Request.
Create Payment Request (For Receipt)

The status of the Payment Request will be displayed accordingly.

Supplier will be able to view the status of the Payment Request in ‘Manage’.

Status of Payment Request will be displayed accordingly.
Create Payment Request (For Receipt)

Supplier will be able to see all subsequent related documents created for PO document by selecting ‘All’ as shown below.

When entering PO number and selecting ‘All’ document types, system will display list of subsequent related documents created for this PO number. Each Invoice document will show details of invoiced quantity.

Supplier can further filter and click on the relevant related documents.
Supplier could try the below steps in the event invoice could not be submitted or if invoice is rejected.

Troubleshooting Invoice Submission Error or Rejection

If you face errors in submitting your invoice...

- Make sure that you fill in the mandatory fields especially Line Details section
- Do fill in Tax Code in Tax field (refer to here for list of tax codes and descriptions; please note that the tax codes are subject to changes)
- Tick Tax Check field under Additional Info column of the Line Details section
- Ensure that the PO number and Invoice number for scanned invoice follows SMART PO and Invoice number
- Alternatively, create a new invoice (Go back to the PO and click on More Actions, click on Create Invoice)

If your invoice was rejected...

- Ensure that an SC has been created for the PO prior to creating the invoice
- SC quantity/ amount must be within PO quantity/ amount
- Total invoice quantity/ effort/ unit price must be within the accepted quantity/ effort/ amount
- Fill in Remit to Location information and ensure scanned invoice bank account number same as system bank account number
Definition of Tax Code
