

SUSTAINING VALUE CREATION

OUR MILESTONES

PCG has consistently demonstrated a deep commitment to creating value. PCG's dedication to value creation extends beyond singular achievement in diversification, specifically in the specialty chemicals segment, and is rooted in a sustained track record of excellence.

Our growth from one production site in East Malaysia to 19 world-class chemical manufacturing sites and seven Research & Development (R&D) laboratories in Malaysia, the Asia-Pacific, Europe and North America stemmed from our perseverance and vision in providing innovative customer solutions and enriching lives.

2023

Sanctioned the acquisition of Maleic Anhydride (MA) plant in Gebeng, Pahang, from BASF PETRONAS Chemicals Sdn. Bhd. and to upgrade the facilities to produce refined MA

Sanctioned the development and construction of an advanced chemical recycling plant in Pengerang, Johor

Achieved ready for start-up phase for specialty ethoxylates and polyether polyols plant in Kertih, Terengganu and nitrile butadiene latex plant in Pengerang, Johor

AWARDS & RECOGNITIONS

Our dedication and relentless contributions to the industry in 2023 earned us various awards and recognitions. These accolades reflect our commitment to delivering long-term value for our stakeholders through innovating sustainable products and solutions for our customers.
