Russia-Ukraine Escalation Reignites Oil's War Premium

By Tsvetana Paraskova - Nov 25, 2024, 11:00 AM CST

For most of this year, the geopolitical premium in oil prices was coming from the Middle East flare-ups amid the Israel-Iran escalation. At the end of 2024, the other major conflict, between

New electricity tariff reflects major reform in national energy sector, says Fahmi
