 - v. Chargeman
 - vi. Diploma courses such as Petrochemical and Process or Instrumentation

* Technical and Vocational Education and Training (TVET)

About VISTA *i-plus*

VISTA *i-plus* is a programme aimed at transforming TVET learning ecosystem in Malaysia, particularly for the oil and gas (O&G) industry — into a more collaborative, sustainable industry-wide initiative. It is designed by the industry, for industry.

This effort is in line with the *Dasar TVET Negara 2030* introduced by the Government of Malaysia, and recognising the criticality to develop more local TVET skilled talent for oil and gas industry, aligned with the evolving industry standards and practices.

Expected Outcomes

- Clear and unified mission within oil and gas industry to support the development of skilled talent
- Improved quality of graduates by increasing industry involvement in shaping the curriculum, syllabus, and training equipment to match current industry needs
- Diverse funding streams and in-kind contributions to support learning institutions
- Strong flagship brand for TVET in the oil and gas industry

Key Features

- Enhanced and latest training equipment and curriculum
- Experienced industry trainers and mentors
- Internship and job matching support
- Nationwide reach through 30+ institutions

For Employers & Industry Partners

Be Part of VISTA *i-plus*

- Participate in curriculum advisory and certification panels
- Provide internship placements and mentoring
- Offer job opportunities and industrial exposure
- Monetary contribution or in kind, i.e training tools or supply consumables
- Participate in outreach through engagement* programmes, roadshows, and campaigns

* VISTA *i-plus* Engagement Network (VEN) is a collaboration platform for industry, institutions, associations, and agencies to streamline industry needs for skilled talent in oil and gas.
